

Greetings to Our Bulldogs Parents and Students

We have approximately six (6) weeks of school remaining for the 2018-19 school year.

1. Our students are working hard preparing for the various exams that they have:

- ✚ FSA ELA - 4th -8th Grade
- ✚ FSA Math – 3rd -8th Grade
- ✚ FCAT Science – 5th Grade
- ✚ Algebra, Civics, - - 7th Grade
- ✚ Geometry, US History, Physical Science – 8th Grade

We want to help all our students prepare for these test and so will be having Saturday Boot Camps for each of these contents on April 13th & 27th, May 4th, 11th, & 18th. We recommend that students attend. We have a reward in place whereby we will raffle three (3) \$5.00 WaWa cards at the end of each Saturday!

In addition we encourage students to spend 30mins twice per week on IReady and Achieve 3000 in order to build their **Reading Comprehension** and **Math Skills**.

2. Parents it is priority that your child comes to school every day. It is a priority that your child gets to school on time. There is a strong correlation between student attendance and their attendance to school. Please work with us to help your child reach his/her highest potential.

3. We are a uniformed school and so all students should be in their proper uniform every day. Students who are out of uniform will be held in the clinic until parents bring them the proper uniform.

4. We have a behavior/discipline code, which is based on the FLDOE Code of Student Conduct. We expect students to be respectful to their peers, teachers and all adults.

We value your ongoing support and cooperation and ask that you review these expectations with your child

Dr. Joy Gordon Fernandez

Your Proud Principal
